List of American Peace Delegates Is
Announced.
Washington, April 13.—At yesterday's
cabinet meeting all the members were
present, except Secretary Taft, who is
out of the city. The session lasted only
half an hour, and at its conclusion the
personnel of the delegates to the Hague
conference was announced. Owing to
the growing importance of the approach-
ing Congress and the extension of the
programme the number of delegates has
been slightly increased. As announced,
the American delegates will be as fol-
lows:
Joseph H. Choate, former ambas-
sador to Great Britain; Horace Porter,
once ambassador to France; U. M. Rose
of Arkansas, former president of the
American Bar association, and now pres-
ident of the Arkansas Bar association;
David Jayne Hill, American minister to
the Netherlands and former professor of
international law at Rochester univer-
sity; Brigadier General George B. Davis,
judge advocate general United States
army, and formerly professor of interna-
tional law at the United States military
academy; Rear Admiral Charles S.
Sperry, president of the naval war col-
lege, William L. Buchanan, formerly
minister to Argentine Republic and to
Panama, and chairman of the American
delegation to the Rio conference.
Secretary, Chandler Hale of Maine,
formerly secretary at the American em-
bassy at Vienna, and son of Senator Hale;
expert in international law, James Brown
Scott, solicitor of the department of
state; expert attaché, Charles Henry
Butler, reporter of the United States
supreme court.
The delegates will sail from New York
about the middle of May.

BLACK HANDS' BOMB WRECK.

Refused to Pay \$1,000 Sought by So-
ciety Followed by Quick Repisal.
New York, April 13.—An explosion
in front of the boarding house of Al-
bino Desno, in Sullivan street, started
the lower West side Italian colony early
today. Many windows were smashed
and the people frightened, but no one
was hurt. The explosion is supposed to
be the work of "Black Hand" agents.
Desno told the police that he had re-
ceived threatening letters containing a
demand for \$1,000, but paid no atten-
tion to them. The explosion, intended
to injure him and his family and
damage his property, followed.

There is more Catarrh in this section of
the country than in any other. It is a
curable, and until the last few years was
incurable. For a great many years doctors
pronounced it a local disease and prescribed
local remedies, and by constantly failing to
cure with local treatment, pronounced it in-
curable. Science has proven Catarrh to be a
constitutional disease and therefore requires a
constitutional treatment. Hall's Catarrh Cure,
manufactured by F. J. Cheney & Co., Toledo,
Ohio, is the only constitutional cure on the
market. It is taken internally in doses from 10
drops to a teaspoonful. It acts directly on the
blood and mucous surfaces of the system.
They offer one hundred dollars for any case it
fails to cure. Send for circulars and testi-
monials. Address: F. J. CHENEY & CO., Toledo, Ohio.

DIABETES IN CHILDREN

We have before us a letter announcing
failure in the case of a child in Virginia.
The distracted father reports that Ful-
ton's Compound helped the child more
than anything else, but that it did not
arrest the progress of the disease, and
in announcing the fatal termination he
thanks us for the effort we made to
save the little one's life. This and sev-
eral other failures in diabetes in chil-
dren accent the necessity for a state-
ment that has already been made public,
but that we feel should be given further
publicity.

Before the formulae of Fulton's Com-
pound for Bright's disease and diabetes
were purchased of the late John J. Ful-
ton, tests were made to determine their
efficiency. (Thirty-six page pamphlet,
giving many of these tests, will be mailed
on application.) The investigation
showed favorable results in eighty-seven
per cent of the cases treated and we
were enthusiastic in the belief that this
percentage of all cases of Bright's dis-
ease and diabetes could recover. But
these tests did not include any cases of
diabetes in children, and a half dozen re-
cent failures compel the writer to say he
does not believe that it is a specific for
diabetes in children. One physician an-
nounces the recovery of a case of dia-
betes in a child thirteen years old, but
her death a few months later (although
attributed to an inherited intermittent
heart by the same physician) causes
great doubt in our minds as to the char-
acter of the recovery. And we make this
plain statement, that we feel is due to
every father and mother who has a child
with diabetes, for we do not want to
be put in the position of giving hope
to parents who have little ones stricken
with this disease. If the writer had it
on the diabetes Compound simply because
it helps these cases for a while, and he
knows of nothing else that does, but he
would call in the best doctor obtainable
to attempt to keep the acetones down,
in the hope that it would be one of the
exceptions that would recover, yet with
small confidence as to the outcome.

Diabetes in children is rare, and our
observation has been limited to but few
cases. Nearly all made distinct progress
the first few months, but later the Com-
pound seemed unable to arrest the dis-
ease. While we have had word of two
or three recoveries, they lack confirma-
tion and are not satisfactory. Hence, it
always distresses us to receive a letter
from a parent, who, upon hearing of this
discovery, writes full of hope, asking for
details. For we are compelled to write
as above in all cases that involve dia-
betes in children.

In diabetes in forty and over, results
are almost certain, nearly nine-tenths
recovering, and at fifty and over, where
there are no complications, the failures
are rare.

In Bright's disease, all ages yield from
infancy to old age in nearly nine-tenths
of all cases.

TIED OF PREACHER.

Colebrook, N. H., Locks Out Its Min-
ister.
A quiet village of North Colebrook
is stirred up at present because the Rev.
William P. Bartlett, pastor of the Baptist
church, was locked out of the edi-
fice by the new church committee, of
which Carrington Phelps, son of the late
General Edward A. Phelps, is a member.
Just what caused the break between the
pastor and some of the parishioners is
not known.

Some of the members assert that they
have hired of Mr. Bartlett as a preach-
er. Mr. Bartlett came here in October,
1905, from Tynningham, Mass. He is the
second pastor to be locked out of the
North Colebrook church. The Rev. Geo.
W. Remington was similarly dismissed
some years ago.

for \$15, two for \$25 each, and two for
\$9.40 and \$8.85 each.

The heavy freight traffic that has
prevailed for several months on the
Rutland railroad at Bennington still
continues. It far exceeds that of the
corresponding time last year. Any one
who applies for a job gets one and is
set at work at once.

S. T. Hubbard of the medical de-
partment of the University of Vermont,

the Murray hospital at Butte, Mont.,

youth, printed in 1835.

Word comes from Fort Riley, Kan.,
that Capt. John McMahon, who com-
manded the Twenty-seventh battery at Fort

M. Bunker, who was formerly of the
Twenty-third battery, is under orders

ness at the army hospital at Fort
Bayard, N. Mex., prevents his appearing
before the board.

Bitten by a Spider.
Through blood poisoning caused by a
spider bite, John Washburn, of Bosque-
ville, Tex., would have lost his leg, which
was a mass of running sores, had he
not been persuaded to try Bucklen's
Arnica Salve. He writes: "The first
application relieved and four boxes
healed all the sores." Heals every sore. 50c at

by eight Rutland firms is announced.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,
No Matter What Color.

The finest contour of a female face, the
sweetest smile of a female mouth, loses
something if the hair is crowned with
scant hair. Scant and falling hair, it is
now known, is caused by a parasite that
burrows into the scalp to the root of the
hair, where it saps the vitality. The lit-
tle white scales the germ throws up in
burrowing are called dandruff. To cure
dandruff permanently, then, and to stop
falling hair, that germ must be killed.
Newbro's Herpicide, an entirely new re-
sult of the chemical laboratory, destroys
the dandruff germ, and of course stops
the falling hair, and prevents baldness.
Sold by leading druggists. Send 10c in
stamps for sample to The Herpicide Co.
Detroit, Mich.

Two sizes—45 cents and \$1.00.
